PROGRAMME APPROACH

- In our sustained efforts to stand by our students in their journey to success, we have designed a program which is crisp yet substantive to cover the entire syllabus for Mains 2025 (Basic to Advance) in a span of 7-8 months.
- This plan will cater to both types of candidates, one who are doing full time preparation and others who roped in other engagements during weekdays and can spare only weekends for their preparation.

MAINS EXAMINATION APPROACH

- Mastering General Studies and Essay becomes very crucial in order to make it to the final list.
- Mains syllabus is vast, diverse and requires a multi-disciplinary approach to handle it. These inter-linkages need a well strategized preparation to master.
- Our program is curated to keep you abreast with the changing nature of the exam and aligning you with your schedule. This programme will help you cover all dimensions of Mains in a time period of 8 months.

TEACHING METHODOLOGY

- Dictation is the method of the past. We have given this method an unceremonious burial. We believe that all human beings and entities should strive for efficiency.
- We provide notes, explain things, encourage you to ask questions and answer your queries.
- Our outcome-based pedagogy helps develop the “critical thinking” of our students, the niche skill required to excel in Mains.
