PROGRAMME OVERVIEW

In today's exam environment, Prelims success is about **skilling**—mastering time management, logical elimination, analytical thinking, and quick decision-making. Decoding Prelims PYQs helps identify UPSC's evolving question patterns and essential topics, enhancing your ability to tackle questions with precision. This program not only breaks down the logic behind each subject's PYQs but also focuses on developing the **critical skills** required to clear Prelims. With **our subject-wise PYQ analysis and targeted practice**, you'll build the skills necessary to confidently face any challenge in Prelims.

WHY JOIN PRELIMS SAHAJ

MASTER PYQs

Learn to decode UPSC Prelims questions with subject-wise trend analysis and logical breakdown.

SUBJECT-WISE DECODING

Understand key patterns, essential topics, and question types for each subject.

PRELIMS SKILL DEVELOPMENT

Develop essential skills like logical elimination, analytical reasoning, and quick decision-making.

MCQ PRACTICE

Practice with PYQs after each session to enhance accuracy and time management.

MENTORSHIP & FEEDBACK

Receive personalized guidance and feedback from expert mentors to refine your approach.

RESOURCE

Get access to a Solved PYQ (2015-2024) with detailed explanation Booklet PDF for easy reference and practice.

COURSE DELIVERY

01

THEMATIC PYQ COVERAGE

The course will cover PYQs across all GS Papers by grouping them into themes, helping you identify patterns, recurring topics, and important trends in UPSC Mains.

DECODING UPSC'S DEMAND

You'll be trained to decode the trend, type, and pattern of questions, ensuring you understand exactly what UPSC expects from your answers.

02**03**

INTERACTIVE & PRACTICE-ORIENTED CLASSES

Each class will focus on real-time discussion and solving of PYQs, with immediate doubt clearing and active participation.

POST-CLASS WORKSHEETS

After every class, you'll receive a practice worksheet containing practice questions on the day's topic.

04**05**

FOCUSED WEEKLY SESSIONS

Classes will run from Monday to Friday, each day dedicated to one subject as per the session plan for in-depth coverage.

FRIDAY MENTORSHIP & REVISION

Fridays will be reserved for revision and mentorship, offering personalized guidance and doubt clearing to improve your answer-writing skills.

06**07**

PRACTICE TESTS

Practice tests will contain 100 questions and will assess your understanding of the subject, helping you track your progress.

ACCESS TO MODEL ANSWERS

You'll also have access to topic wise PYQ with model answers for revision and practice.
