PROGRAMME APPROACH

“UPSC CSE requires a well crafted strategized effort to crack in which "One size fits all" approach towards subjects is of little benefit. The gap between prelims of preceding year and the next, always presents a grey area where the students remain confused about the focus. In our sustained efforts to stand by our students in their journey to success, we have designed a program which is crisp yet substantive to cover entire syllabus for Mains 2022 (Basics to advance) in a span of 5 months, leaving ample time to focus on next Prelims.”

General Studies (Mains) and Essay carry most weightage in the Mains Examination. The performance of a candidate in these sections remains crucial to make it to the final list.

The syllabus for mains is vast, diverse and at the same time requires a multi-disciplinary approach to handle it. These inter-linkages need a well strategized preparation to master.

Our program does that for you and more. The program covers not only class lectures, but also tests and answer writing sessions, all of them with one-to-one feedback system and doubt clearing sessions to make you not just exam ready, but selection ready.

Dictation, even on most frivolous things is the method of the past. We have given this method an unceremonious burial. We believe that all human beings and entities should strive for efficiency.

01

TEACHING METHODOLOGY

02

We provide notes, explain things, encourage you to ask questions and answer your queries.

03

Our outcome-based pedagogy helps develop the "critical thinking" of our students, the niche skill required to excel in Mains.

CLASS

- Complete coverage of Syllabus of GS Mains 2022
