GESCORE

(a) Write a short note on the social structures of early food producing (farming and herding) societies in India. (15 Marka) (b) To what extent do the sources help us to reconstruct the society in the past. Explain it with special reference to Ancient India. (20 Marke) (c) "Kautilya's thought, which we come to know through Arthaushta, does not have a prognatic approach". In the light of given statement, critically evaluate Arthoushta. (15 Marks) S(a) Early food producing societies are be belonging to neolithic believed to was the phase where changes phase. It observed in the sense that have been henters were turning into farmers herders sedentary. that too uell tried to Because of the sedentary 5 farmers, agriculturists ur nature of and of wild, following domestication. was 20 structure the social for osula tens relations with one another Social (1)Remarks

-

GSSCORE may have become more propounced. Thus, mutual relationship bloomed. 2) Sedentary nature would have given thrust to local traditions. local culture was the marked feature. 3 social tensions also sproved as a result of social stouctures. (9) Exchange of knowledge, innovations were there because of the emerging social structures of the phase. As a result, urbanism was the marked feature. Thus, social streetyres underwent major changes, marks White But Jack St Steen Lach Remarks Well theat

GSSCORE (\mathbf{b}) Sources are considered to be 9 the lifetime because they are the major ways to read about the past. apart from aret - Neverthless, critical reading of sources become Substantial firstly, archaeological sources tell cattle sacer the historians about the phase from otample which the article belongs. For instance, Carbon dating method. Moreover. Pode ? Pull for example, Megalithic burials depicts . Wet the socio-religious life of that those Adrets people. Secondly, literary sources like the writings of Hieron Tsang, For Fittiern, kalhana etc. give me historians their Remarks

GSSCORE of the conditions prevailing views in those times. Kalhana's Rajtaringini gives a clear outline of all the political heads of kashmir till loth - 11th conturies. Third, foreign accounts of Hiern Tsang. I. Tsing, Barni, and so on are also important in constructing the parts of history. 2 ge Thus, the importance of Sources in constructing the history cannot be ignored. They are important. However, critical reading should always be welcomed tike royal patronage to croppet the writer. the of each ular toround there Remarks

GSSCORE (c) ARTHSHASTRA is the treatise written on the political terms by the kautilya", Chandragup ta maurya's courtiere. The book is being criticised by the scholars on some of the grounds. The book does not present the actual picture rather what should be. The normative approach is being followed which is not of much use, according to scholars. Secondly, book presents manoyan state as centralised. But, some scholars negate the fact of maurya rule being centralised keeping into the extent (large) of the empire. Remarks

GSSCORE 1 However, arthashastra is being considered as important source by some of the historians. Jack of Facts Water the account of the use how how how how how here account of the adverter the the adverter of the adverter (bith analysis) are theref Remarks
